

# The Angelus

Grace and Holy Trinity Cathedral • Kansas City, Missouri

Vol. 85, No. 4 • April 2016

FROM THE DEAN

## Cloud of Witnesses

The image on this page is full of words. These words are arranged into a word cloud, a model that helps determine key ideas and trends as an aid in planning. Some young adults at the Cathedral have been talking about how they can gather a lively community. This is their word cloud.

The words you see here are similar to ideas and thoughts expressed by the wider Cathedral community about our mission. Easter is about sharing our words

and witness to the power of Christ's resurrection. Each of us is called to give testimony through action and word. This is our mission. Let this Easter season be a time of lively words and deeds that transform the world and change our lives.

Christ is risen!

—Peter

# Treasurer's Report

Income in February was well below income last year due to a change in the timing of distributions from an externally managed trust. The annual total this year is likely to be around the same amount as last year, but a significant amount will arrive much later in the year, putting pressure on the Cathedral cash levels in the meantime.

February	2016 MTD	2015 MTD
Income	\$ 148,021	\$ 167,999
Expenses	\$ 152,125	\$ 132,489
Net Total	\$ (4,104)	\$ 35,510

	2015 YTD	2014 YTD
Income	\$ 279,354	\$ 295,509
Expenses	\$ 287,187	\$ 297,835
Net Total	\$ (7,833)	\$ (2,326)

Expenses in February exceeded those of last year due to higher snow removal costs this year, as well as the timing of inspection costs/maintenance costs. The net result was a small deficit this February vs. a large surplus last year.

On a YTD basis, the income through February was down vs. last year due to the aforementioned change in the timing of distributions from the externally managed trust. However, expenses on a YTD basis trailed last year due to one less bi-weekly pay period so far this year for salaried staff. Thus on a YTD basis, while the Cathedral ran a small deficit for the first two months of the year, that deficit was not much different than last year's deficit for the first two months.
