Outdoor Service Instructions

1. The best place to park will be the north parking lot.

2. When you arrive, grab your chairs/blanket and mask, then stop by the check-in table. In addition to checking in at the table, you’ll find a mask if you need one, hand sanitizer, a printed bulletin and will have a no touch temperature check.

3. Find a spot in the grass to sit. Make sure you stay clear of the marked aisles and keep 6 feet from other households.

4. A note on receiving Communion: We have two aisles in our outside setup. We will administer bread from the top of both aisles. Please come up one person/family unit at a time to receive the bread. Once you have received it, please carry it back to your seat before you lift your mask to consume it. The ushers will help direct you when to come up the aisle. We will begin with the people seated between the aisles, then move to the outside of the aisles.

5. After the service, take your bulletin home with you or drop it in the recycle bin near the check in table.
