5. Your computer will pull up a file/link that you need to click to download the application.

6. Once the application is installed, your computer will prompt you to Join Meeting. If the Meeting ID is not in the box, type in the number (WBS is 665 745 1295).

Zoom will allow you to be seen and heard—please do not check the boxes that turn off audio and video!

7. Once Zoom is open, you will notice in the lower left corner of your screen a microphone and a video camera. These are buttons that will allow you to turn off/on your video and microphone. We do ask that members have their microphone off when they are not the speaker.

The upper right corner is where you will be able to choose speaker view, which will make the screen of the person speaking the large picture in front of you, or gallery view, which will allow you to see each of the members in small squares on your screen (like Hollywood Squares or the Brady Bunch).

Note: The Zoom window could be hiding behind another window from part of the process. If you don't see the meeting screen, try minimizing the window on your screen that's directly in front of you.

If you've got questions, please don't hesitate to reach out to Beth Keyse, <u>bethkeyse@gmail.com</u> or 256.740.7396.

Thank you for joining us!
